GREEN FARMING

An International Research Journal of Agriculture, Horticulture & Allied Sciences

Volume 1	Number 1	January-February 2010 (Renewed)	Bimonthly
----------	----------	---------------------------------	-----------

CONTENTS

Genetics of yield, wilt resistance and biochemical traits in castor (<i>Ricinus communis</i> L.) P.B. Patel and H.C. Pathak	 1
Effects of diverse source of cytoplasmic male sterility on heterosis for different quantitative traits in pearl millet D. Lakshmana	 6
Genetic diversity of short duration-cum-late heat tolerant wheat (<i>Triticum aestivum</i> L.) genotypes Saikat Das	 11
Effect of crop residues on nutrient contents in greengram – sunflower cropping sequence V.U. Raut, R.T. Bhowate and A.G. Waghmare	 14
Cost-benefit analysis of greenhouse summer crops and vegetables production : A case study of Lenjan, Iran Mansour Zarra Nezhad and Ehsan Zohoori	 20
Growth, yield and economics of chickpea as influenced by non-monetary and monetary inputs K. Vaiyapuri and M. Mohamed Amanullah	 24
Response of wheat to different combination of integrated nutrient management under irrigated conditions Sanjeet Kumar and O.P. Singh	 27
Studies on floral biology of local malta [<i>Citrus sinensis</i> (L. Osbeck)] under valley conditions I. Bearing behaviour, flowering, bud development, anthesis and dehiscence Manju and S.S. Rawat	 30
Establishment of seed production area of <i>Eucalyptus camaldulensis</i> var. <i>camaldulensis</i> in Rajasthan D.K. Mishra and N.K. Bohra	 34
Optimal crop plan for maximize net return using linear programming model for Amravati district P.G. Kambale, S.B. Jajoo and G.R. Atal	 38
Traditional and newly protection methods for fig die-back disease in Egypt H.M. EL-Deeb, S.M. Lashin and Y.A. Arab	 41
Evaluation of eco-friendly module for the management of serpentine leaf miner, <i>Liriomyza trifolii</i> (B.) in cucumber, <i>Cucumis sativus</i> Linn. J.J. Patel and R.C. Jhala	 46
Biochemical changes in rice grains due to infection of sheath rot disease caused by <i>Sarocladium oryzae</i> I. Yesu Raja and M. Theradimani	 51
Effect of growth regulators on shelf life of banana fruits (<i>Musa paradisica</i> L.) cv. Grand Naine P.P. Bhalerao, R.R. Bhalerao, S.J. Patil, S.S. Gaikwad and C.M. Patel	 55

Contd.

Studies on efficient use of water and nutrients in banana under South Gujarat conditions B.M. Solia, S.A. Aklade, S.J. Patil, A.P. Patel, M.S. Malik, S.K. Dhimmar and R.G. Patil	 59
Effect of plant growth regulators on growth and yield of acid lime (<i>Citrus aurantifolia</i> S.) P.P. Debaje, Ekta D. Shinde and H.V. Ingle	 62
Biomass increase in <i>rabi</i> maize through foliar application of IAA and GA ₃ producing <i>Azospirillum</i> and <i>Acetobacter</i> endophytes Dipmala G. Gupta and H.N. Shelat	 64
Enhancing soil fertility by fly ash S.L. Patil, M.V. Baride and M. Husain	 67
Bacterial degradation of endosulfan H.M. Shivaramaiah	 70
DNA polymorphism in sugarcane woolly aphid, <i>Ceratovacuna lanigera</i> Zehnter (Aphididae : Homoptera) through RAPD markers P.V. Matti, C.P. Mallapur, R.J. Rabindra and D.P. Biradar	 74
Performance of IC engine on fully biogas as fuel Jyoti Pohare, K.C. Pandey and D.M. Mahalle	 80
Performance evaluation of raingun on vegetable fenugreek crop P.R. Chaudhary, M.U. Kale and S.M. Moon	 81
Performance of solar photovoltaic panels during battery charging Atul R. Dange, D.M. Kadam and Veeraprasad Godugula	 84
Studies on the advantages of new hybrid PM x FC2 (sex-limited) over the existing popular silkworm hybrids Veeranna Gowda and G.V. Kalpana	 87
Hydraulic performance of raingun irrigation system under Sub-montane situation of Maharashtra A.S. Nagare and G.L. Chunale	 90
Fastening of self-mounting by spraying synthetic repellents and its effect on cocoon and reeling parameters in silkworm, <i>Bombyx mori</i> L. M.T. Himantharaj, G.S. Vindhya and Amardev Singh	 93
Knowledge of farmers about recommended soybean cultivation technologies Priti M. Todasam, N.M. Kale and D.M. Mankar	 97
Corh3 - hybrid rice seed production – A way for empowering women in agriculture S. Manonmani, K. Thiagarajan and K. Mohanasundaram	 100
Bio-intensive approaches in suppression of <i>Helicoverpa armigera</i> (Hubner) in Gujarat D.M. Korat, Dola Chakraborty and M.R. Dabhi	 102
Cultivation of black caraway/kalazeera (<i>Bunium persicum</i>) in dry temperate regions of Jammu division S.K. Gupta and Ateet Pal Singh	 106
Importance of deficit irrigation on growth and quality of temperate fruit crops Ishtiyag Ahmad Khan, G.I. Hassan and M.A. Mir	 108
