GREEN FARMING

International Journal of Applied Agricultural & Horticultural Sciences

(Abbr. *Green Farming Int. J.*)

Volume 3

Number 1

January-February 2012

Bimonthly

CONTENTS

Impact of foliar application of biopesticides on soil fauna in organically grown fieldbean ecosystem — A.M. BYRAPPA and N.G. KUMAR	1
Study of <i>perse</i> performance and heterosis for yield and yield contributing characters in diploid cotton hybrids developed through GMS system — SEKHAR BABU GEDDAM and B.M. KHADI	10
Influence of sward type, cutting frequency and fertilizer-N application on yields and proportions of guinea grass and verano stylo pasture swards — C.C. ONYEONAGU and J.E. ASIEGBU	15
Characterization of soils of newly established agro-biodiversity park of ANGR Agricultural University, Hyderabad — M.A. AARIFF KHAN and J. KAMALAKAR	21
Quantitative genetic analysis of yield and its component traits in rice (<i>O. sativa</i>) under aerobic condition — N. NARESH BABU and SHAILAJA HITTALMANI	26
Study of growth parameters of pigeonpea (<i>C. cajan</i>) as influenced by different methods of establishment during <i>kharif</i> season — S.N. ANILKUMAR, S. VISHWANATHA, B.T. PUJARI, VEERESH and B.G. KOPPALKAR	29
Heterosis and combining ability for fruit and yield parameters in cucumber (<i>C. sativus</i>) — IRANNABATAKURKI, RAVINDRAMULGE, MANJULAKARADIGUDDI and V.D. GHASTI	32
Evaluation of <i>rabi</i> sorghum (<i>S. bicolor</i>) inbred lines for combining ability — S.A. TAKALKAR, D.N. SOMWANSHI, PUSHPA HASNALE and D.T. DESHMUKH	35
Effect of different colour shade net on biometric characteristics of vegetable capsicum crop — A.Y. TALOKAR	38
An economic analysis of organic rice cultivation — D. NAGARAJ and B. CHINNAPPA	42
Effect of organic manures and biofertilizers on fruit and seed yield of tomato (<i>S. lycopersicum</i>) — K.S. THAKUR, RAJNEESH THAKUR and Y.R. SHUKLA	45
Studies on the effect of amendments on the growth and yield of rice under the methods of planting — R. KAVIMANI, S. SENTHARAGAI, S. AVUDAITHA and M. BASKAR	48
Studies on soil and leaf nutrient status in relation to growth and yield of mango (<i>M. indica</i>) cv. 'Kesar' — M.N. PATIL, A.S. KADAM, V.K. PATIL and V.R. GHARGE	51
Long-term control of <i>Cynodon dactylon</i> and its regeneration capacity by using glyphosate and propaquizafop in cropped and non-cropped area — P.R. PATIL, S.M. HIREMATH, N.K. MEDHE, R.D. GAIKWAD and B.V. GAWADE	54
Effect of precooling, packaging and storage temperature on ash content and chlorophyll content of spinach beet (<i>B. vulgaris</i>) — P.B. PATHAN and H.G. MORE	58
Constraints and suggestions of potato growers in Latur district of Maharashtra — ATUL P. KULKARNI, B.R. PAWAR and BASAVARAJ R. JAMAKHANDI	61
Some physical and frictional properties of sweet orange and tangerine (<i>kinnow</i> , <i>C. reticulata</i>) — F.G. SAYYAD, S.S. CHINCHORKAR and G.R. PATEL	64
Effect of foliar spray of potassium nitrate on growth, yield and fibre quality of <i>Bt</i> cotton (<i>G. hirsutum</i>) — J.G. PATEL, V. KUMAR, V.P. USADADIA, C.M. SUTARIA, K.B. SANKAT and R.R. PARMAR	67

Contd.

Impact of mountages in seasons on cocoon yield and reeling parameters of bivoltine silkworm, <i>B. mori</i>	
— G.B. SINGH, K.S. CHANDRAKANTH, K.M. VIJAYAKUMARI and S.M.H. QADRI	69
Management of root rot of cowpea incited by <i>Macrophomina phaseolina</i> with irrigation levels & seed treatment	
— S.C. RITE, M.P. DIWAKER, J.J. KADAM, R.A. KARANDE and D.S. THAWARE	74
Biological control of <i>Penicillium</i> fruit rot (<i>Penicillium funiculosum</i>) of <i>aonla</i>	
— S.M. YADAV, R.K. PATIL and D.L. YADAV	78
Evaluation of different fungicides and bio-agents against soil borne pathogens viz., <i>Pythium</i> spp. of papaya (<i>C. papaya</i>) in nursery	
— S.L. PATIL	80
Evaluation of lemon grass oil on the management soft rot of carrot	
— V.K. PARTHIBAN	82
<i>In-vitro</i> and <i>In-vivo</i> evaluation of fungicides against <i>Alternaria alternata</i> causing leaf spot and fruit rot disease of chilli	
— N.M. GOHEL and K.U. SOLANKY	84
<i>In vitro</i> evaluation of plant extracts against bacterial blight of pomegranate (<i>P. granatum</i>)	
— P.S. AHER, A.N. SHIVANGIKAR, Y.S. SHINDE, C.S. MOGAL and D.P. KAKADE	87
Role of farmers groups in organic cotton farming - The case of commodity interest groups in A.P.	
— P. PRASHANTH, M. JAGAN MOHAN REDDY, I. SREENIVASARAO and N. VENKATESWAR RAO	89
Effect micronutrients on growth and yield of onion (<i>Allium cepa</i>) cv. 'Baswant 780'	
— S.D. DAKE, B.G. HIWALE, V.K. PATIL and P.G. NAIK	93
Influence of rootstocks on uptake of macro and micro nutrients by clones of wine grapes	
— S.S. DESHMUKH, T.B. TAMBE, A.M. PATIL and Y.L. BHAGURE	95
Effect of different sources of nitrogen on yield and quality of guava (<i>P. guajava</i>) cv. 'Sardar'	
— P.A. DHOMANE, A.S. KADAM, S.K. LAKADE and V.R. GHARGE	97
Effect of different budding dates under shade net condition in Nagpur mandarin	
— R.B. BHUSARI and N.D. JOGDANDE	99
Effect of season and growth regulators on vegetative propagation of <i>Stevia</i> (<i>S. rebaudiana</i>)	
— K.M. REKHA, S. RAVI, M. CHANDREGOWDA and M. VASUNDHARA	101
Effect of different levels of <i>gulkand</i> on the quality of <i>burfi</i> prepared from cow milk <i>khoa</i>	
— N.S. BORSE, S.G. GUBBAWAR, R.R. SHELKE and S.P. NAGE	103
Export performance of poultry products in India	
— V.A. RAMACHANDRA, S.M. PATIL and P.M. SALIMATH	107
The Co-operative credit and repayment pattern in Western Maharashtra	
— S.B. SAPKAL, J.S. KUMBHAR and H.R. SHINDE	110
Preparation of value added custard apple ice-cream	
— S.S. TAYADE, R.R. SHELKE, V.M. THAKARE, P.H. JANORKAR	114
Assessment of acute toxicity of newer insecticide molecules on earthworm, <i>E. eugeniae</i>	
— TIMMANNA, J. ASHOKA, A.C. HOSAMANI and A. NAGANGOUD	117
Behavioural response of okra shoot and fruit borer, <i>E. vittella</i> on <i>Bacillus thuringiensis</i> var. <i>kurstaki</i>	
— V.S. DESAI and M.N. KAPADIA	119
Quality indices of ground waters of Bahour commune in the Union Territory of Pondicherry	
— S. PREVINA and A. BASKAR	121
Effect of two different bed disinfectants on cocoon productivity in spring rearing of silkworm	
— AMARDEV SINGH	123
Effect of period of storage on proximate composition of elderly mix	
— SUNITA KUMARI KAMAL and ASHA KUMARI	125
Nanotechnology can provide sustainable agriculture and second green revolution - Strategic Vision : 7	
— J.C. TARAFDAR
