## CONTENTS

|                                                                                                                                                                                         |           |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| Effect of spacing and irrigation on seed production of a CMS-based pigeonpea hybrid<br><b>M.G. Mula, K.B. Saxena, R.V. Kumar and A. Rathore</b>                                         | ..... 221 |
| Evaluation and selection for drought tolerance in minicore collections of chickpea ( <i>Cicer arietinum</i> L.)<br><b>S.G. Parameshwarappa and P.M. Salimath</b>                        | ..... 228 |
| Heterosis for seed yield and yield components in sunflower ( <i>Helianthus annuus</i> L.)<br><b>R.N. Wadikar, M.B. Misal and A.T. Daunde</b>                                            | ..... 232 |
| Combining ability studies in cowpea [ <i>Vigna unguiculata</i> (L.) Walp]<br><b>N.K. Patel, D.T. Desai and R.S. Bhakta</b>                                                              | ..... 236 |
| Studies on floral biology of local malta [ <i>Citrus sinensis</i> (L. Osbeck)] : II. Pollen studies, receptivity of stigma and mode of pollination<br><b>Manju and S.S. Rawat</b>       | ..... 239 |
| Diversity analysis of restorer lines on three diverse cytoplasmic male sterility system in pearl millet ( <i>Pennisetum glaucum</i> L.)<br><b>D. Lakshmana</b>                          | ..... 243 |
| Influence of microbial inoculants with panchakavya on the rhizosphere population of <i>ashwagandha</i><br><b>H. Gopal and K. Kumutha</b>                                                | ..... 246 |
| Integrated nutrient management in transplanted rice ( <i>Oryza sativa</i> L.)<br><b>H.M. Virdia, H.D. Mehta, V.N. Parmar, A.M. Bafna, Z.N. Patel and R.C. Gami</b>                      | ..... 249 |
| N, P and K content and uptake of wheat crop as affected by organic and inorganic fertilization<br><b>Minakshi Randhe, S.D. Jadhao and S.S. Mane</b>                                     | ..... 253 |
| Response of <i>rabi</i> pigeonpea to moisture regimes and fertilizer management under South Gujarat condition<br><b>J.D. Thanki and R.K. Solanki</b>                                    | ..... 257 |
| Effect of integrated nitrogen management on yield and economics of green chilli ( <i>Capsicum annuum</i> L.) production<br><b>N.K. Medhe, B.V. Gawade, S.N. Randive and B.G. Temkar</b> | ..... 260 |
| Yield and quality of castor as affected by INM<br><b>H.M. Patel, A.M. Bafna and Z.N. Patel</b>                                                                                          | ..... 263 |
| Sustenance of soil health and productivity of sugarcane through different levels and source of organics<br><b>V.S. Patel and D.D. Patel</b>                                             | ..... 266 |
| Effect of integrated nutrient management on growth and yield parameters of soybean<br><b>N.B. Mohod, Seema Nemade and Preeti Ghadage</b>                                                | ..... 270 |
| Response of sulphur application on growth, yield attributes and yield of mustard under middle Gujarat conditions<br><b>M.K. Dabhi, D.G. Gupta and J.J. Patel</b>                        | ..... 272 |

Contd. ....

|                                                                                                                                                                                                                                |           |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| Water management technology for higher productivity of castor ( <i>rabi</i> ) on clay soil<br><b>N.D. Desai, V.R. Naik, N.G. Savani and R.G. Patil</b>                                                                         | ..... 274 |
| Growth, instability and price analysis of chickpea ( <i>Cicer arietinum</i> L.) in Marathwada region of Maharashtra State<br><b>D.J. Chaudhari and N.D. Pawar</b>                                                              | ..... 276 |
| An economic analysis of crop insurance in Dharwad district of Karnataka<br><b>Mallikarjun Hasanabadi, Jayashree Handigol, Vilas Kulkarni and Nagendra</b>                                                                      | ..... 279 |
| Effect of organic liquid manures on growth, yield and quality of chilli ( <i>Capsicum annuum</i> L.)<br><b>M.N. Sreenivasa, Nagaraj Naik, S.N. Bhat and M.M. Nekar</b>                                                         | ..... 282 |
| Influence of plant growth regulators and chemicals on yield and quality of <i>Hasta bahar</i> in acid lime<br><b>S.S. Mahalle, H.V. Ingle and P.B. Sable</b>                                                                   | ..... 285 |
| Effect of plant growth regulators on seedling growth of mango stones<br><b>G.R. Munde and R.P. Gajbhiye</b>                                                                                                                    | ..... 288 |
| Pesticide use in cabbage production in Belgaum district of Karnataka : An economic analysis<br><b>Nagendra, Jayashree A. Handigol and Vilas A. Kulkarni</b>                                                                    | ..... 290 |
| Efficacy of fipronil 5 % SC at different doses against aphids and leaf hopper in cotton<br><b>A.P. Kandekar, N.E. Jayewar, A.G. Sugawe and D.R. Mundhe</b>                                                                     | ..... 294 |
| Standardization of annealing temperature for ISSR markers and assessment of genetic diversity along with SSR markers in mulberry ( <i>Morus</i> spp.)<br><b>Sidhartha Mishra, V. Girish Naik, Uttam Ghosh and S.M.H. Qadri</b> | ..... 298 |
| Diffusion and adoption of sericulture technologies – An evaluation<br><b>Chikkanna, D.M. Ram Rao and H. Jayaram</b>                                                                                                            | ..... 303 |
| Antifungal activity of some plant extracts against <i>Fusarium oxysporum</i> f.sp. <i>niveum</i> of watermelon wilt<br><b>Ekta Bagde, M.P. Diwakar and V.G. Mundhe</b>                                                         | ..... 309 |
| Determinants of knowledge and adoption of agricultural practices by 'Andh' tribal<br><b>S.D. Morey, P.O. Ingle and U.G. Thakare</b>                                                                                            | ..... 311 |
| Use of synthetic repellents for hastening the mounting process in self-mounting and its effect on cocoon and reeling parameters in silkworm, <i>Bombyx mori</i> L.<br><b>Amardev Singh, M.T. Himantharaj and G.S. Vindhya</b>  | ..... 314 |
| Evaluation of <i>in vitro</i> anticancer potential of plant parts of <i>Calotropis procera</i> - An ethnobotanical approach<br><b>Madhulika Bhagat and Vikas Sharma</b>                                                        | ..... 318 |
| Comparative study of screw press and piston press for briquette making<br><b>Sujata Tayde, Jyoti Pohare and D.M. Mahalle</b>                                                                                                   | ..... 320 |
| Studies on portable farm solar dryer for drying gooseberry candy<br><b>A.K. Kamble, S.R. Gadge and Rekha K. Sahare</b>                                                                                                         | ..... 323 |
| Training needs of members of women self help group<br><b>Monali R. Soor, S.G. Parshuramkar and S.B. Rupanavar</b>                                                                                                              | ..... 326 |
| Screening of chickpea genotypes against pod borer, <i>Helicoverpa armigera</i> (Hubner) under field and in laboratory conditions<br><b>S.R. Sandhya and Parag P. Chandekar</b>                                                 | ..... 329 |
| Bio-efficacy of neem products against <i>Epilachna vigintioctopunctata</i> Fab. on brinjal<br><b>P.D. Mane and S.N. Kulkarni</b>                                                                                               | ..... 330 |
